Dear Amanda,

A short note to thank you for all your and **Exponential Brilliance** staff's assistance in not only resolving the Compliance Hub group of companies TERS/UIF claims but for also assisting all the many clients we referred to you.

You and your staff's commitment, hard work, dedication, long hours and never say die attitude has ensured many, many families have food on their table over these trying times,

Your "Paying it forward" philosophy has been amazing by not taking money out of the pocket of those so less fortunate. I wish you all many blessings for your selfless attitude.

To receive daily emails from my clients that you have assisted like *"What an amazing experience, with unsurpassed client service, thank you"*, *"What you have managed to achieve for our staff with regards to TERS was probably one of the greatest achievements in the business during the COVID19 pandemic"*, *" I am aware that for many other individual employers of small companies or households with domestic workers, she has applied the #PayItForward principle with a "We rise by lifting others" attitude and not charging them one cent for her services. We all know what it took and still takes to work with UIF and to ultimately secure these pay-outs our sincere thanks you."* There are many, many more of our clients that feel the same way.

On behalf of all at Compliance Hub we thank you for touching the lives of so many.

We wish you all every success moving forward.

Kind regards
